REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In the amendment to the claims filed 20 May 2010, independent claim 5, the only independent claim in the application, was amended to include the closed claim language "consists of" for the quenching oil. Thus the quenching oil consists of (A) a base oil having a kinematic viscosity at 40°C of 40 mm²/s or more, and (B) a vapor blanket breaking agent. Accordingly, the rejection under 35 USC 103 over Hewson et al (6,239,082) in combination with Shimosato et al (2002/0166610) is withdrawn because the quenching oil of Hewson et al additionally contains a succinic acid or succinic anhydride functionalized polymer or copolymer in an amount of 0.5 to 4.5 vol. % which is now excluded by the claims. Additionally, the rejection under 35 USC 103 over Sweet (US 2005/0039832) in combination with Shimosato et al (2002/0166610) is withdrawn because the quenching oil of Sweet additionally contains an alkali metal salt of saligenin derivative which is excluded by the claims. Additionally, the rejection under 35 USC 103 over Ichitani et al (7,347,927) in combination with Shimosato et al (US 2002/0166610) is withdrawn because Ichitani et al (7,347,927) is not available as a reference under 102 or 103.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
